| 6.   | **Bachelor's Degree Requirements**  
The top of the report shows the highest level of requirements, the **Bachelor's Degree Requirement** section.  
Here are some sub-sections worth noting in the **Bachelor's Degree Requirement** section:  
* **Credit Hour Requirement** - a maximum of 126 hours will show here.  
* **Upper Division** - upper division hours will show here.  
* **All Coursework for Student** - A complete alphabetized list of the student's coursework will show here. |
| 7.   | **To view all of your coursework:**

8. **Other Main Sections: General Education, Major, and Minor (if applicable)**

Scroll down the report to see the **General Education, Major** and **Minor** (if applicable) sections.

9. **Satisfied and Not Satisfied Requirements**

In the **General Education** section, you'll see the different categories of requirements.

**Satisfied Requirement**

If a requirement has been **satisfied**:  
1. The requirement is marked as **Satisfied**  
2. The requirement list is collapsed.

For example, this student has satisfied the requirement for BIBL 101 and BIBL 102.

10. **Requirement Not Satisfied**

If a requirement has **not been satisfied**, the requirement is marked as **Not Satisfied**, and the requirement list is expanded so that you can see the information.

In this example, the student has not satisfied the **Senior Capstone** requirement.

11. Click the **Expand section** button to see the detail for any satisfied requirement.

12. **Bible and Religion**

For the **Bible and Religion** requirement, students take BIBL 100, or students can substitute BIBL 101 and BIBL102.

In this example, the student has registered for BIBL 101 and BIBL 102 to satisfy the requirement, so the BIBL 100 option disappears.

13. **Major-Specific General Education Requirements**

This example shows a major-specific general education requirement.

The academic advisement report notes that Engineering majors are required to complete PHIL 230 to meet the Humanities Elective requirement. This student has satisfied the requirement.

14. Click the **Expand section** button for the **Humanities Elective Requirement for Engineering Majors**

15. This student has satisfied the engineering major-specific general education requirement.
